Sakkie Le Roux  
Manager  
Project Management International  
Stellenbosch

Dear Sakkie

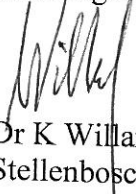

**RE : Rotary thank you to PMI**

On behalf of the Stellenbosch Rotary Club, the Kylemore community and the current and future students of Kylemore High School, we should like to express our very sincere thanks to PMI, and you in particular, for the incredible support PMI provided in the conception, planning, supervision and overall project management of the Kylemore High School Library. With a variety of partners and funders and departmental requirements and a limited budget, it was a challenging project and we so appreciated your allocation of dedicated PMI staff, specifically Carl Wehlitz, to provide on site supervision and management so that we knew the library would be professionally planned and built according to the detailed specifications which PMI drew up and by which PMI managed the building operations.

We thank you for being a partner with Rotary and Imbali Trust on this project and for providing all your project planning supervision and management support free of charge, a huge investment in the youth of our country. The final result is a magnificent library for the Kylemore high School and their community which is now filled with books providing a much improved education for the children in this disadvantaged area. The school itself has over 1000 students and so the impact of your investment and time and support will provide an ongoing legacy and contribution to education for the community of Kylemore

Please pass on our thanks to all your staff members who were involved in the project.

Kind regards

  
Dr K Willand  
Stellenbosch Rotary Club President
